

# SCIENCE CAMP

**7-10 YEAR OLDS**

# JUNE HOLIDAY CAMP

3 DAY SCIENCE PROGRAMME

**JUNE 1-3**  
**TUE-THU**

**9.30AM - 12.30PM**  
snacks included!

## DAY 1

### CRAAZY DRY ICE

- Use dry ice to do lots of FUN experiments!
- Make smoky bubbles and burst them with our hands.
- Use dry ice to create a SUPER COOL ICE CREAM!
- Discover if dry ice is ice?

**HAVE CRAZY FUN WITH SCIENCE!**  
**GUIDED BY TRAINED INSTRUCTORS**

Learning Objective:

Learn more about chemical reactions and dry ice with fun experiments.

## DAY 2

### H2OK DAY

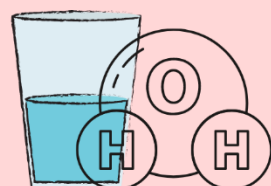

- Find out if water is really sticky?
- Uncover mysteries of surface tensions, cohesion, and adhesion properties of water.
- Discover the journey of water as we make a watershed.
- Pack a change of clothes and have fun at H2OK Day!

**HAVE CRAZY FUN WITH SCIENCE!**  
**GUIDED BY TRAINED INSTRUCTORS**

Learning Objective:

Learn the unique properties of water through various hands-on experiments.

At the end of the day, they will view water differently.

# DAY 3

## THE SHINING DARKNESS ©

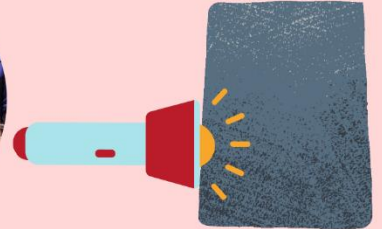

- Use science to turn night into day! - using chemical reaction to create the glowing space "alien poo"
- Write a glowing message with a special invisible ink!
- Play the exciting Atom Electron game
- Finish with a beautiful laser dance!

HAVE CRAZY FUN WITH SCIENCE!

GUIDED BY TRAINED INSTRUCTORS

Learning Objective:

Learn about the different scientific water of how things glow in the dark.

### DETAILS

DATE: JUNE 1-3 (TUE-THU)  
TIME: 9.30AM TO 12.30PM

SUITABLE FOR KIDS  
AGES 7-10 YEAR OLD

### FEES

SAFRA MEMBERS: \$288  
GUEST: \$328

INC. OF GST & MATERIALS  
TERMS AND CONDITIONS APPLY

### LOCATION

CANVAS ARK  
SAFRA TOA PAYOH #01-03
